### FROM THE DESK OF THE DIRECTOR OF OPERATIONS:

Hello 2025! I hope everyone enjoyed ringing in the new year. I can't thank enough the ones that reached above the STARS on the set-up of the IACT New Years Eve Event at the Clubhouse. Thank you to everyone that supported the event and made it possible. IACT would also like to thank the supporters of other New Years Eve events that were held at the Rec Center, Trapp Farm and the Teepee.

2024 was a good year, let's make 2025 even better, we have a ton of activities and events planned this year and we will have the event schedule published soon.

### MARK YOUR CALENDAR:

- Saturday, January 4th: IACT Board working session
- Saturday, January 11th: Glen Council meeting with the IACT President
- Saturday, January 18th: IACT Monthly Board Meeting

Snow is in our upcoming forecast, please remember that IACT does not plow throughout the Glens it only plows the blacktop roads at the entrance, trading post, 17A bath house and the Administration office. Please plan accordingly during a winter advisory because emergency personnel may be unable to reach you here within the campground.

IACT has a new photo spot near the pond! SNAP away! Thanks to Steve & Karen Thompson for donating the supplies, Rita Rose for her vision and Dennis Robinson for building the structure.

On behalf of the IACT Staff, we all would like to wish each one of you a very **HAPPY and PROSPEROUS New Year!**

Thank You  
Janet Sheldon, IACT Director of Operations

# JANUARY 2024 GLEN NEWS

## **GLEN 3**

Happy New Year to all the Glen 3 Funsteaders that read this bulletin entry for January 2025. It is my hope that your Christmas and New Year's celebrations were safe and festive. It is now Resolution Season, so get out there and make those resolutions and do whatever it takes for you to keep them.

Progress is being made on the Lake Pocahontas dam project. As you know, the water in Lake Pocahontas was lowered to accommodate project construction.

The lowered lake water level leaves approximately 10-15 feet of dry land between the current water line and the usual water line. It is my hope that in the near future, the Lake Pocahontas Dam project will reach a near-completion point where the lake water level will be allowed to return to normal. NOW is the time for lake front property owners to take advantage of the situation and remove leaves and weeds so the property will be relatively "clean" when the normal water line returns.

The Glen Chief usually visits Glen 3 at least once during each winter month and if he sees anything "funny" on a Glen 3 property, he will notify Security. You can also call and leave a voicemail on his cell phone at 703-919-6291 if you need him to check something for you. Please keep checking the Glen 3 Facebook page [www.facebook.com/groups/glen3navajo](http://www.facebook.com/groups/glen3navajo) where we post other Glen 3 information. CAMP ON!

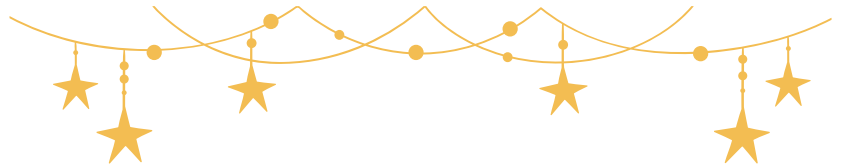

## **GLEN 10**

Happy New Year! Our goal is to have an amazing camping season this year. Please be on the lookout for all upcoming events via Facebook and the bathhouses.

We have a lot of new property owners and many expansions. So happy to see the growth.

Thank you for a wonderful 2024.

Peace and blessings unto you all.

## **GLEN 12**

Happy New Year, Glen 12! I hope that you are all happy and healthy going into the new year. With the slower traffic through the glen in the off-season, please help keep an eye out on your neighbors' property. Let us know if you see things needing attention. If you haven't already joined our glen Facebook page, search up Glen 12 of IACT and request to join. (Please be sure and answer the questions to join.) I'd really like to see more Glen social events this coming season. If you have ideas for fun ways for us to hang out and get to know our neighbors, please let me know. Our first official Glen meeting of the camping season will be April 12th at 1pm at the 12B Pavilion. Stay safe and warm this winter!

Your Glen Chief,  
Edie Brooks

Happy New Year
